

Find the Wrong Letter

This activity helps you quickly recognise any letters that are written backwards.

Step 1. Find the wrong letter

For this activity a passage of print will be seen on the screen. Some of the letters will be reversed such as in this example:

The do~~y~~ w~~a~~nt for a ride

Click '**Run activity**' at the top of this screen and a passage of print will be seen on the screen. Starting at the first word scan your eyes along each line from left to right as you would when you read. Try to identify all the letters that are written backwards.

When you have finished the whole text and found all the reversed letters, click on '**new**' the bottom right of the screen to show another passage of text.

Your goal is to find all the letters written backwards in each passage of print.
