

Dominoes

This activity helps you to remember more detailed information that will be seen for a brief time as it is flashed on the screen.

Step 1. Two dominoes

You will need a full set of dominoes for this activity. A pattern of two dominoes will flash quickly on the screen. You have to remember what it looked like then match it with your dominoes.

When you start this activity it will automatically begin at level 1. Click on '**start**' to flash the domino pattern. Then match the pattern with your dominoes. Your pattern must face the same direction as the pattern on the screen.

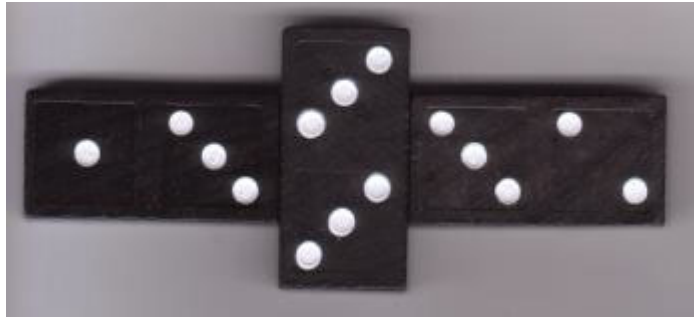

Click on '**check**' to show the original pattern and compare it with yours.

Your goal is to get at least 8 out of 10 exactly the same as the patterns flashed on the screen.

Step 2. Three dominoes

Now there will be three dominoes, a double in the middle and another each side of the double like in the picture below.

Visual Thinking 6

Click on '**level**' at the top of the screen and click on '**level 2**'.

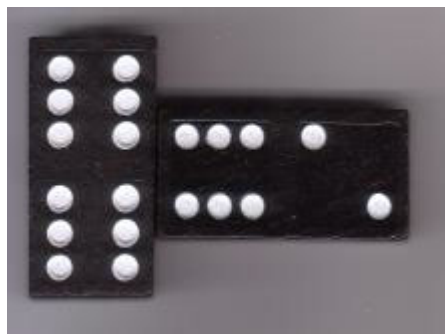

Click on '**start**'. The domino pattern will flash then you can match what you saw with your dominoes. After making your pattern, click on '**check**' to compare yours with the pattern on the screen. You are trying to make your pattern exactly the same as the one that was flashed.

Continue flashing different domino patterns and matching them.

Your goal is to get at least 8 out of 10 exactly the same as the domino pattern flashed on the screen.

Step 3. Two dominoes choices

A pattern of two dominoes, like the one below, will flash quickly on the screen. You have to remember what it looked like then find it among other domino patterns.

Click on '**presentation**' then click on '**flashing with choices**'. Click on '**start**' to flash the domino pattern. After the dominoes have disappeared there will be
